YOUR KEY TO SPANISH PROPERTY

AFTERSALES SERVICE

Finding your perfect Costa del Sol property is only the beginning...so we have put together a range of after sales property services designed to help you relax into your new life with the least amount of fuss.

We can help you with

FURNITURE PACKS

In order to make moving into your new home as simple and stress free as possible, Costa del Sol Living offers a range of furniture packs suitable of all budgets and tastes starting from around €5,000. Once you have chosen your preferred furnishings, we will arrange and be on site to accept the delivery. If you like we can even arrange for the furniture to be professionally arranged and the pictures hung on the walls.

If you prefer to put your own stamp on your new property by employing an interior designer, we can help with this too. Working in collaboration with talented local interior designers we can also provide a bespoke interior design service.

REFORMS AND MINOR BUILDING WORKS

Should you decide to update your new Costa del Sol property, we can provide you with access to reliable tried and tested contractors. We can be as involved as you require, whether you need small reforms such as knocking down a wall, modernising or redesigning the layout, we can either introduce you to contractors and architects, and if necessary we can project management the work.

If you plan on tackling the work yourself, we can introduce to reliable suppliers who offer the best value for money.

PROPERTY MANAGEMENT

We offer a comprehensive management service to home owners on the Costa del Sol. It is aimed both at homeowners who reside permanently in the property by providing easy access to maintenance and administration services, and offering peace of mind that the property is safe hands for those who are based overseas.
